# LIVE ANIMAL SHIPMENT

**We provide a completely Australian-owned transportation solution for Live Animal Shipping: with a dedicated team who are proficient in moving your stock safely and humanely interstate and around the world.**

**Our understanding of national and international rules & regulations, laws & by-laws ensures a timely, seamless delivery!**

- Clean, temperature-controlled vans
- Dedicated Client pick up and delivery – No co-transport with animals from other facilities
- Pick up and delivery vehicles cleaned after every shipment to eliminate cross contamination
- Good global working relations with all airlines for quick clearance
- Proof of delivery of both domestic and international shipments to ensure peace of mind
